# APS 4014: Fiscal Roles and Responsibilities

<sup>1</sup> In approved instances, certain employees of Affiliates are authorized to conduct University Fiscal Transactions; these employees of Affiliates are also referred to as Fiscal Staff.

- Establishes the [fiscal roles](#) and responsibilities of [employees](#):
  - Provides clarification and guidance regarding the framework within which financial management occurs.
  - Applies to **all** [university funds](#) and to all *employees*.
- If you are involved in purchasing, entering, or reviewing transactions, you are an individual with a **fiscal responsibility**.
- Employees **must understand and stay current** on “applicable policies, laws, regulations, and rules; and contracts, grants, and donor restrictions, regardless of when the approval occurred.”

# APS 4015: Propriety of Expenses

Tests of Propriety are used to evaluate the appropriateness of expenses made using University funds.

The **Tests of Propriety** ask if the transaction is...

1. For Official University Business
2. In the best interest of the University
3. The most effective way to accomplish University business
4. Compliant with laws, regulations, rules, policies, and restrictions
5. Within available resources
6. Directly beneficial to department
7. Reasonable
8. In Compliance with University [Conflict of Interest Provisions](#)

## **Additional Considerations:**

- Would a University outsider consider the expenditure to be a reasonable & necessary expense of public funds?
- **Is this expense allowable per the award agreement and is it in the budget & budget period?**
- Would you want others (e.g. newspaper, radio, television) knowing & reporting about what you have decided?

# FPS: Sensitive Expenses

Sensitive Expenses are clear auditable areas. Must be able to support the expense and business purpose.

Be sure to document the purpose/reason that expense is appropriate.

AO/Approver: If you're questioning an expense someone else may be too. **ASK QUESTIONS.**

Common Sensitive Expenses:

- Official Function
- Food
- Alcohol
- Donation/Sponsorship
- Family Members
- Flowers/Gifts

# FPS: Official Functions

We are all stewards of university resources and should stay well below the \$115 per person the majority of the time.

Sets forth university requirements for use of the Official Function form **when food/beverage or alcohol is purchased** for an Official Function or CU-hosted conference.

Official Functions can be student functions, training events, employee recognition, etc.

## **When do I need to use the form?**

- Purchase alcoholic beverages in any dollar amount
- Total cost of the food/beverage at official function exceeds \$500
- Per-person cost of food/beverage at official function exceeds \$115

Official Function form is not required if your event does not include food/beverage expenses.

However, your unit/college/school could require the Official Function Form below the listed thresholds. Check with your administrators for clarification.

# Food & Related Consumables

---

## Allowable:

- Consumables necessary to maintain cleanliness of break-room (e.g. paper towels)
- Beverage Service available to general public (e.g. reception area water in clinic)
- Meals for Employees in Travel Status ([PPS: Travel](#))
- For Official Functions

## Not Allowable:

- Meals hosted virtually
- Food/Snacks for frequent staff meetings
- New hire welcome lunches
- Food/Beverages placed in common work space

Normal workday events should be scheduled so as not to conflict with staff mealtimes

# Events with Alcohol

Departments hosting events with alcohol have an overall **responsibility and accountability** for properly managing their events. Prior Approval must be obtained.

## Allowable Use & Funding

- Official Functions - Gift fund (34) with a Gift Purpose Code 2 of Y
- Conferences hosted by CU - Auxiliary funds (Fund 20 or Fund 29) received through conference/event registration fees. Gift funds with the appropriate designation may also be used.
- Development/Fundraising - Development/advancement fund (Fund 36) or from gift fund (34) with a Gift Purpose Code 2 of Y.
- For non-consumption purposes (research)

Is alcohol necessary at your event for it to be successful?

Does the unit have the proper resources & controls to oversee an event with alcohol?

Did you leave enough time for required approvals?

# FPS: Recognition & Training

---

## Recognition Categories:

- Length of Service
- Merit
- Safety
- Participation

## Allowable

- Awards, Rewards, and Prizes
- Staff Appreciation Meals
- Recognition Events

## Staff Appreciation Meals:

Infrequent, unique, official function hosted and attended by the head of an organizational unit for the purpose of showing appreciation. **Not expected to occur more often than quarterly.**

# FPS: Business Expense Substantiation and Tax Implications

---

Failure to submit an expense report within 90 days from the transaction date or 90 days of the trip end date will result in the amount of the related expense being reported as additional taxable income to the employee per the University's Accountable plan (**FPS: Business Expense Substantiation & Tax Implications**).

## What does this mean for the employee?

The employee's **paycheck will be reduced** by the amount of tax owed on total transactions that were submitted after 90 days.

## What should you do?

- If you believe there were circumstances that prevented you from submitting the report in 90 days, you must request an exemption from the Fiscal Compliance team.
- You should submit this exemption IMMEDIATELY after receiving the "Taxable Expenses Notification" email

**There is a limited amount of time between report submission and payroll deadlines to submit an exemption. Must submit exemption request immediately to avoid a paycheck impact.**

## What is Fiscal Compliance Doing to help?

In addition to the system alerts that come from Concur, Fiscal Managers receive a monthly aging report for procurement card and travel cards from Fiscal Compliance.
