Smartsheet: Transaction Center Entries – Search Guide

This guide will provide step-by-step instructions on how to accurately enter a Search request using the new Smartsheet Transaction Center.

Additional guidance and support resources, including how to track your requests using Smartsheet: Dynamic View and/or how to interpret the status of your request based on the “Current Status” field can be found on the [Smartsheet Resources: University Staff & State Classified](#) landing page.

If you need additional system support or have questions that are not currently covered in this guide, please contact your Central HR Classification Consultant or the technical support Smartsheet Support Team below:

Paul Joyce (paul.joyce@cuanschutz.edu)

Keerthi Chittimalla (keerthi.chittimalla@cuanschutz.edu)

Elby Potter (elby.potter@cuanschutz.edu)

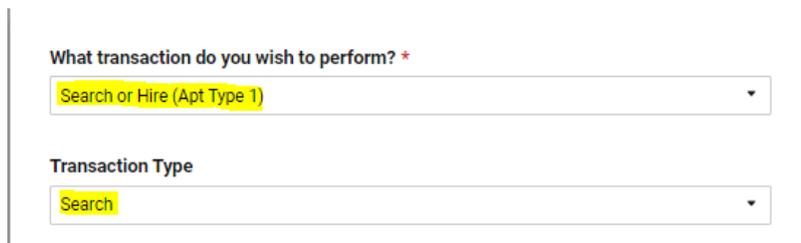

Important Note: After the official go-live date, HR Operations will no longer route University Staff or Classified transactions to the relevant Classification or Talent Acquisition approver. To ensure expedited processing all transaction requests should be entered through the Smartsheet Transaction Center.

Items entered directly into HCM by the Department or HRBP will not automatically notify relevant HR approvers, which will delay processing. This will cause a duplication of steps by the department as the request will also need to be entered into the Smartsheet Transaction Center for processing.

Step-by-Step: Search

Step #1 – What Transaction do You Wish to Perform?: Select the Search or Hire (Apt Type #1) option.
