Tip: Reservations and Bookings: What Is the Difference?

A Reservation is the purpose of the event. In EMS, a reservation is the who (the meeting organizer) and the what of an event. A Reservation contains one or more Bookings. For example, you (the who) can reserve some space for a staff meeting (the what).

A Booking is the where and the when of an event. For example, you can schedule the large auditorium (the where) for a staff meeting on the second Monday in January (the when). There are one or more Bookings in a Reservation.
