You are invited to a Zoom meeting.

When: Apr 18, 2022 01:30 PM Mountain Time (US and Canada)

Register in advance for this meeting:

After registering, you will receive a confirmation email containing information about joining the meeting.

QUESTIONS/RESPONSES:

1. Does this RFP also apply to Restoration and Repair services?

Response: We would likely categorize this work under the general contracting SCPP list. The Asbestos shortlist is primarily for small scope abatement that does not require General Contracting services. General Contracting work typically solicited to the SCPP short list has complete design documents prepared and is not performed on an emergency basis.
