PEDAL POINT Lifecycle Solutions

ITEMS NOT ACCEPTED OR UNLAWFUL TO ACCEPT:

Alkaline or household batteries • Light bulbs • PCB (polychlorinated biphenyls) ballasts or other PCB containing material • Freon equipment • Mercury or equipment containing Mercury (Thermostats, Smoke Detectors, Carbon Monoxide Detectors) • Gasoline or other combustible fuel equipment • Pressurized tanks or canisters • Aerosol cans • Office furniture • Paper • Books • Cardboard • Plastic • Glass • Tires • Fluids • Paint • Solvents • Chemicals • Neon signs • Radioactive equipment or materials • Un-sanitized healthcare or medical equipment • Items containing asbestos

Material that PedalPoint Lifecycle Solutions CANNOT legally accept and/or are noted above as unacceptable and received from PedalPoint Lifecycle Solutions's clients shall be quarantined and the client's point of contact will be notified for resolution. PedalPoint Lifecycle Solutions requires its clients to resolve non-conforming equipment and materials within five (5) business days. In the event client fails to resolve the non-conformance, any additional cost due to non-conforming equipment or materials received will be communicated to client's point of contact prior to disposition of non-conforming equipment and material by PedalPoint Lifecycle Solutions. Within 10 business days of reporting cost to client's point of contact, PedalPoint Lifecycle Solutions will proceed with resolution and disposition of non-conforming equipment and material. At that time, client is responsible for any additional costs incurred by PedalPoint Lifecycle Solutions for disposition of non-conforming materials.
