

Event Overview

The 9th annual University of Colorado Anschutz Medical Campus Block Party will be held on Wednesday, September 13, 2023, in the heart of the CU Anschutz Medical Campus. This free event is a community-building festival designed to pull together all CU Anschutz Medical Campus students, clinicians, researchers and staff from the university, Children's Hospital Colorado, University of Colorado Hospital and CU Medicine – numbered at more than 17,000 employees and 4,000 students. 2013's inaugural event attracted nearly 2,000 people over three hours and was deemed a huge success by all who participated. The 2022 Block Party – the first since 2019 – was as large as ever, with 130 booths and more than 3,500 attendees.

The Block Party is held in Bonfils Circle on the south side of the Fitzsimons Building, conveniently located in the middle of the campus. Attendees at past events experienced a variety of interactive and informative booths showcasing the campus's units and introducing them to external community partners. We've featured live music by great local bands such as Atomga, The Belle Jar, Pandas and People, Wildermiss, New Currency, IzCalli and The Epilogues, dance performances and a mountain bike stunt show. Attendees enjoyed food from some of Colorado's most popular food trucks and local restaurants, including Lupita's and Jim 'N Nick's Bar-B-Que. Activities such as a mobile zip line, ropes course, corn hole, ladder toss, volleyball and inflatable games provided endless opportunities to relax and have fun in the late summer sunshine.

The University of Colorado Anschutz Medical Campus benefits from strong partnerships with local businesses. In turn, local companies also benefit from their relationships with the University. To continue to offer this free, high-quality event to the campus community, we value support from sponsors. Sponsorship provides the opportunity to not only promote your business, but truly support an excellent community event and CU Anschutz Medical Campus.
