

## Recommended Event Planning Checklist

### Standard Event

This checklist is inclusive of tasks large and small so planners can consider the components of their event and if the following steps are applicable. This is not meant to be all-encompassing, but rather a conversation starter for planners. In event planning, more time is better than less, but we understand events and meetings pop up at the last minute from time to time.

Contact [events@cuanschutz.edu](mailto:events@cuanschutz.edu) if you need consultation on your event or [visit our Plan an Event website](#) for additional resources.
