## Loan Information

### Loan Amount Requested

For each academic year, you may borrow up to—but not more than—the school's attendance, minus the amount of other financial assistance received. The school determines the cost of attendance based on federal guidelines. It is important not to borrow more than you can afford to repay, even if you are eligible to borrow more.

### Learn About Loan Fees

Loan fees are subtracted directly from the loan before it is disbursed to you. This means you will receive a smaller amount than the total of what you actually borrowed, but you are still responsible for paying the entire amount. Learn how loan fees impact your loan. Use our calculator to [determine the impact of loan fees on your Requested Loan](#).

#### How much do you want to borrow?

- I want to borrow the maximum Direct PLUS Loan amount for which I am eligible as determined by the school.

Your school will contact you to complete the loan process. You can always request a lower amount than the maximum, or return unused funds.

- I don't know the amount I want to borrow. [How do I know what to borrow?](#)

#### Loan Period <sup>i</sup>

A loan period is the academic year or portion of an academic year in which you want to request the loan. Specify the loan period for which you are requesting a Direct PLUS Loan:

### Use of Loan Funds

Your school will use your Direct PLUS Loan to pay for student tuition and fees, and for housing and food (for on-campus students).

You may authorize the school to apply your Direct PLUS Loan funds to other education-related charges on your student account (e.g., library fines, campus parking tickets, lab fees, and charges for minor damage to school property).

You aren't required to provide this authorization, and you may change the authorization at any time by contacting the school.

I authorize the school to use my Direct PLUS Loan to pay for other education-related charges incurred at the school, as described above.
