

Panopto Recordings in Classroom (For Student Workers)

Follow these directions for starting a recording in Panopto in a classroom at Anschutz.

PLEASE NOTE: If you are running Zoom and Panopto at the same time, Zoom must be started first and only one program can have access to the camera at a time.

Setup Tasks

1. Log into the classroom computer.
2. Launch and log into Panopto using your given login credentials (EX: ms1recorder).

3. After logging in, select the folder for the specific class you are in. (SemesterYear_ Course Name)
4. Change the name of the recording, if needed.
5. Check to ensure you are seeing a camera image and audio from the mics in the room are working in Panopto.
